Important information: The information presented herein is provided by Phillip Capital Management (S) Ltd ("PCM") for general information only and does not constitute a recommendation, an offer to sell, or a solicitation of any offer to purchase the units in the product ("REITs ETF") mentioned herein. It does not have any regard to your specific investment objectives, financial situation and any of your particular needs. The information is based on certain assumptions, information and conditions available at the date of this brochure and may be subject to change at any time without notice. Accordingly, no warranty whatsoever is given and no liability whatsoever is accepted for any loss arising whether directly or indirectly as a result of you acting based on this information. The information contained herein may not be copied, reproduced or redistributed without the express consent of Phillip Capital Management (S) Ltd. The REITs ETF is not like a typical unit trust as it is intended for the units of the REITs ETF to be listed and traded like any share on the Singapore Exchange Securities Trading Limited ("SGX-ST"). Listing of the units on the SGX-ST does not guarantee a liquid market for the units. The units of the REITs ETF may be traded at prices above or below its net asset value or may be suspended or delisted. Investors may buy or sell units of the REITs ETF on SGX-ST when it is listed. Investors cannot create or redeem units directly with the Manager and have no rights to request the Manager to redeem or purchase their units. Units of the REITs ETF can only be created or redeemed through Participating Dealers if investors are clients of the Participating Dealers. The Participating Dealers are under no obligation to agree to create or redeem units on behalf of any investor and may impose terms and conditions in connection with such creation or redemption orders from investors. Please refer to the prospectus of REITs ETF for more details. The value of units in the REITs ETF and the income accruing to the units may fall or rise. Investments are subject to investment risks including the possible loss of the principal amount invested and are not obligations of, deposits in, or guaranteed or insured by PCM or any of its subsidiaries, associates, affiliates or Participating Dealers of the REITs ETF. Past performance and any prediction, projection or forecast on the economy, REITs markets or the economic trends of the markets which are targeted by the REITs ETF are not necessarily indicative of the future or likely performance of the REITs ETF. There can be no assurance that investment objectives will be achieved. You should read the prospectus and the accompanying Product Highlights Sheet ("PHS") for disclosure of key features, key risks and other important information of the REITs ETF and obtain advice from a financial adviser before making a commitment to purchase the units in the REITs ETF. In the event that you choose not to obtain advice from a financial adviser, you should assess and consider whether the REITs ETF is suitable for you before proceeding to purchase or subscribe. A copy of the REITs ETF's prospectus and the PHS is available and may be obtained upon request, subject to availability, from PCM. The regular dividend distributions, either out of income and/or capital, to unit-holders are not guaranteed and subject to PCM's discretion. Such dividend distributions will reduce the available capital for reinvestment and may result in an immediate decrease in the Net Asset Value of the REITs ETF. In the event that the Manager uses financial derivative instruments to employ any currency hedging techniques to manage the impact of exchange rate fluctuations and/or for the purpose of efficient portfolio management, the Manager reserves the discretion to determine if currency exposure should be hedged actively, passively or not at all, in the best interest of the Fund.
