#### PHILLIP INTERNATIONAL FUNDS

### Manager's Investment Report

The Phillip Global Rising Yield Innovators Fund delivered a positive full-year performance as at end-June 2024. Over this period, the "B" class was up 6.3% while the "A" class was up 6.1%.

The second half of calendar year 2023 saw some initial consolidation after a volatile early part of the year when markets were seized by the failure of several US regional banks as well as Credit Suisse across the Atlantic. Stock markets then saw renewed strength in the last quarter, the key trigger being an emerging view that rate cuts were on the way, possibly as soon as the first half of 2024, boosted by data that pointed to signs of cooling inflation.

The new year of 2024 saw the narrative swing again, as investors increasingly caught on to the buoyant economic data from the US, and the related messaging of the US Federal Reserve, that interest rate cuts may be less forthcoming than previously expected. A "higher for longer" interest rate environment became the mainstream narrative, with expectations of rate cuts for 2024 decreasing from the previously expected three to as few as one or even none.

Nonetheless, developed market stocks saw sustained optimism, in particular technology stocks, as the artificial intelligence theme continued to capture market imagination. Overall, the fund year ending June 2024 has again proved to be rewarding for those who held firm to their positions.

Looking forward, while recent data do point to inflation tapering off, and also there are signs of economic softening in the US (not to mention other countries – in fact economies such as the Eurozone have already started cutting rates), the messaging from various members of the US Federal Reserve point to their reluctance to start a rate cut cycle. A sudden shock from a quick market correction emanating from Japan appears to have some now expecting a sizeable cut as early as September. The volatility of expectations is palpable above, and we expect heightened volatility as we enter into an imminent rate cut cycle. Other considerations abound: a US Presidential election year has typically been a positive year for stocks, though from the angle of US-China geopolitics we expect the run-up to the US Presidential elections is likely to see both Republican and Democratic parties demonstrating their anti-China credentials. All this makes for quite an intriguing interplay of various factors for the rest of 2024.

The Fund approach continues to be to invest in global stocks with quality businesses who are resilient in economic downturns and generate long-term shareholders' returns. A focus will be on identifying companies that align strongly with the innovation theme, such as those that capitalise on innovation in offering faster, cheaper, more productive, more cost effective, more compelling products and services. Resilience is also a key criterion, along the lines of both business model resiliency and financial resiliency.

- d) Description of the method used to calculate the global exposure of financial derivatives

The global exposure relating to derivative instruments is calculated using the commitment approach. The global exposure of the sub-fund is calculated as the sum of:

- (i) the absolute value of the exposure of each individual financial derivative not involved in netting or hedging arrangements;
- (ii) the absolute value of the net exposure of each individual financial derivative after netting or hedging arrangements; and
- (iii) the sum of the values of cash collateral received pursuant to:
  - (a) the reduction of exposure to counterparties of OTC financial derivatives; and
  - (b) efficient portfolio management techniques relating to securities lending and repurchase transactions, and that are reinvested.
- e) Amount and percentage of total fund size invested in other unit trusts, mutual funds and collective investment schemes as at 30 June 2024

  - (iii) Turnover ratios for the year ended 30 June 2024 Not applicable
- n) Soft dollar arrangements

The Manager will comply with applicable regulatory and industry standards on soft-dollars. The soft-dollar commissions which the Manager may receive include research and advisory services, economic and political analyses, portfolio analyses including valuation and performance measurements, market analyses, data and quotation services, computer hardware and software or any other information facilities to the extent that they are used to support the investment decision making process, the giving of advice, or the conduct of research or analysis and custodial service in relation to the investments managed for clients. The soft dollar credits utilised are not allocated on a specific client basis. The brokers also execute trades for other funds managed by the Manager.

The Manager does not accept or enter into soft dollar commissions or arrangements unless such soft-dollar commissions or arrangements would, in the opinion of the Manager, assist the Manager in its management of clients' funds, provided that the Manager shall ensure at all times that transactions are executed on the best available terms taking into account the relevant market at the time for transactions of the kind and size concerned, and that no unnecessary trades are entered into in order to qualify for such soft-dollar commissions or arrangements.

The Manager does not, and is not entitled to, retain cash rebates for its own account in respect of rebates earned when transacting in securities for account of clients' funds.

# Report of the Trustee

The Trustee is under a duty to take into custody and hold the assets of Phillip International Funds in trust for the unitholders. In accordance with the Securities and Futures Act 2001, its subsidiary legislation and the Code on Collective Investment Schemes, the Trustee shall monitor the activities of the Manager for compliance with the limitations imposed on the investment and borrowing powers as set out in the Trust Deed in each annual accounting period and report thereon to unitholders in an annual report.

To the best knowledge of the Trustee, the Manager has, in all material respects, managed Phillip International Funds during the year covered by these financial statements, set out on pages FS1 to FS17, in accordance with the limitations imposed on the investment and borrowing powers set out in the Trust Deed.

### Statement by the Manager

In the opinion of the directors of Phillip Capital Management (S) Ltd, the accompanying financial statements set out on pages FS1 to FS17, comprising the Statement of Total Return, Statement of Financial Position, Statement of Movements of Unitholders' Funds, Statement of Portfolio and Notes to the Financial Statements are drawn up so as to present fairly, in all material respects, the financial position and portfolio holdings of Phillip International Funds as at 30 June 2024, and the financial performance and movement in unitholders' funds for the year then ended in 30 June 2024 accordance with the recommendations of Statement of Recommended Accounting Practice 7 "Reporting Framework for Investment Funds" issued by the Institute of Singapore Chartered Accountants. At the date of this statement, there are reasonable grounds to believe that Phillip International Funds will be able to meet its financial obligations as and when they materialise.

For and on behalf of directors of the Manager Phillip Capital Management (S) Ltd

KPMG LLP 12 Marina View #15-01 Asia Square Tower 2 Singapore 018961 Telephone +65 6213 3388 Fax +65 6225 0984 Internet www.kpmg.com.sg

# Independent auditors' report

Unitholders
Phillip International Funds
(Constituted under a Trust Deed in the Republic of Singapore)

### Report on the audit of the financial statements

# Opinion

We have audited the financial statements of Phillip International Funds ("the Fund"), which comprise the Statement of Financial Position and Statement of Portfolio as at 30 June 2024, the Statement of Total Return and Statement of Movement of Unitholders' Funds for the year then ended, and notes to the financial statements, including material accounting policy information, as set out on pages FS1 to FS17.

In our opinion, the accompanying financial statements are properly drawn up in accordance with the recommendations of Statement of Recommended Accounting Practice 7 "Reporting Framework for Investment Funds" ("RAP 7") issued by the Institute of Singapore Chartered Accountants so as to present fairly, in all material respects, the financial position and portfolio holdings of the Fund as at 30 June 2024 and the financial performance and movements in unitholders' funds for the year ended on that date.

# Basis for opinion

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements'* section of our report. We are independent of the Fund in accordance with the *Accounting and Corporate Regulatory Authority Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities* ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Other information

Phillip Capital Management (S) Ltd., the Manager of the Fund (the "Manager") is responsible for the other information contained in the annual report. Other information is defined as all information in the annual report other than the financial statements and our auditors' report thereon.

We have obtained all other information prior to the date of this auditors' report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

KPMG LLP 12 Marina View #15-01 Asia Square Tower 2 Singapore 018961 Telephone +65 6213 3388 Fax +65 6225 0984 Internet www.kpmg.com.sg

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

# Responsibilities of the Manager for the financial statements

The Manager is responsible for the preparation and fair representation of these financial statements in accordance with the recommendations of RAP 7 issued by the Institute of Singapore Chartered Accountants, and for such internal controls as the Manager determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Manager is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Manager either intends to terminate the Fund or to cease the Fund's operations, or has no realistic alternative but to do so.

The Manager's responsibilities include overseeing the Fund's financial reporting process.

### Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- Obtain an understanding of internal controls relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing
  an opinion on the effectiveness of the Fund's internal controls.

KPMG LLP 12 Marina View #15-01 Asia Square Tower 2 Singapore 018961 Telephone +65 6213 3388 Fax +65 6225 0984 Internet www.kpmg.com.sg

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Manager.
- Conclude on the appropriateness of the Manager's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Manager regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

#### **Notes to the Financial Statements**

These notes form an integral part of the financial statements.

### 1. Domicile and activities

Phillip International Funds ("the Fund") is an open ended umbrella unit trust constituted pursuant to a Trust Deed dated 30 July 2020 together with its Supplemental Deeds thereon (thereafter referred to as the "Trust Deed") between Phillip Capital Management (S) Ltd (the "Manager") and Citicorp Trustee (Singapore) Limited (the "Trustee"). The Trust Deed is governed by and construed in accordance with the laws of the Republic of Singapore.

The Fund comprises one sub-fund, Phillip Global Rising Yield Innovators Fund (the "Sub-Fund"), which was launched on 28 August 2020.

The investment objective of the Sub-Fund is to aim to achieve sustainable income streams and long-term capital growth. The Sub-Fund will invest primarily in global stocks with quality businesses who are resilient in economic downturns and generate sustainable long-term shareholders' returns. Such investments may include corporate equities and exchange traded funds.

# 2. Material accounting policies

Management reviewed the accounting policies and made updates to the information disclosed in Note 2 Material accounting policies (2023: Significant accounting policies) in certain instances in line with the amendments.

### 2.1 Basis of preparation

The financial statements, expressed in Singapore Dollars, have been prepared under the historical cost basis, as modified by the revaluation of investments, and in accordance with the *Statement of Recommended Accounting Practice 7 "Reporting Framework for Investment Funds"* revised and issued by the Institute of Singapore Chartered Accountants.

The adoption of this revised RAP 7 did not result in substantial changes to the accounting policies of the Fund and had no material effect on the amounts reported for the current or prior years.

For the purposes of preparation of these financial statements, the basis used for calculating the expense ratio and turnover ratio are in accordance with the guidelines issued by the Investment Management Association of Singapore ("IMAS") and the Code on Collective Investment Schemes under the Securities and Futures Act 2001 ("Code") respectively.

### 2.2 Basis of valuation of investments

Quoted investments are stated at fair value based on the last traded prices for equities and bid prices for debt securities at the reporting date. If there is no last bid price, the fair value is determined using valuation techniques that are commonly used by market participants. Unrealised gains/losses on investments are represented by the difference between the fair value and the carrying value of investments and are recognised in the Statement of Total Return. Realised gains and losses upon disposal of investments are computed on the basis of the difference between the carrying value and the selling price of investments on trade date and are taken to the Statement of Total Return.

# 2.3 Recognition of income

Dividend income is recognised in the Statement of Total Return on the date which the sub-fund's right to receive payment is established.

### 2.4 Foreign currency translation

Transactions in foreign currencies are translated at the exchange rate at the date of transaction. Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated at exchange rates at the reporting date. All exchange differences are recognised in the Statement of Total Return.

### 2.5 Income tax expense

The Sub-Fund is a designated unit trust under the Singapore Income Tax Act (Chapter 134). As a result, the following sources of income are not subjected to Singapore tax at the Sub-Fund level:

- (i) gains or profits derived from Singapore or elsewhere from the disposal of securities;
- (ii) interest (other than interest for which Singapore tax has been withheld); and
- (iii) dividends derived from outside Singapore and received in Singapore.

### 2.6 Cash and cash equivalents

Cash and cash equivalents comprise bank balances. Cash equivalents are short-term highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value.

### 2.7 Net assets attributable to unitholders

Net assets attributable to unitholders are classified as equity.

# 3. Receivables

	Global Rising Yield Innovators Fund	
	2024 S\$	2023 S\$
Receivable from unitholders for creation of units Dividends receivable	12,333 12,125	226,921 3,965
Due from FX spots	873	
	25,331	230,886

The amount due from FX spots arising from a spot contract of selling Japanese Yen amounting to JPY103,316 (2023: Nil) to Singapore Dollars.

# 4. Cash and cash equivalents

oush and sush oquivalents	Global Rising Yield Innovators Fund	
	2024 S\$	2023 S\$
Bank balances	1,403,608	5,171,555

The bank balances are placed with a financial institution related to the Trustee.

# 5. Payables

	Global Rising Yield Innovators Fund	
	2024 S\$	2023 S\$
Payable to unitholders for cancellation of units Due to FX spots	17,080 870	59,226 —
Accrued operating expenses	212,163	152,428
	230,113	211,654

The amount due to FX spots arising from a spot contract of selling Japanese Yen amounting to JPY103,316 (2023: Nil) to Singapore Dollars.

# 6. Units in issue

During the year, the number of units issued, redeemed and outstanding were as follows:

	Global Rising Yield Innovators Fund 2024		
	Class A	Class B	Total
Units at beginning of the financial year	491,501	49,969,120	50,460,621

Units created Units cancelled	Class A 468,560 58,790 (35,849)	2023 Class B 42,819,670 12,986,101 (5,836,651)	<b>Total</b> 43,288,230 13,044,891 (5,872,500)
Units created Units cancelled Units at end of the financial year	Class A 468,560 58,790 (35,849) 491,501	2023 Class B 42,819,670 12,986,101 (5,836,651) 49,969,120	<b>Total</b> 43,288,230 13,044,891 (5,872,500) 50,460,621

Class A and B SGD Units are offered to investors who invest S\$1,000 and above. All classes constitute the Sub-Fund and are not separate sub-funds. Any expense, income and/or gain which is attributable to a particular class is deducted from or added to (as the case may be) the value of the sub-fund which is attributable to that class. A separate net asset value per unit is calculated for each class.

For subscriptions and redemption and for various fee calculations, investments are stated at the last traded price on the valuation day for the purpose of determining net asset value per unit. For reporting purpose, the investments are valued at the last traded price as at the reporting date.

#### 7. Income tax

Global Risii Innovators	_
2024 S\$	2023 S\$
53,679	63,331

The overseas income tax charge relates to withholding tax suffered on receipt of distributions from overseas investments.

# 8. Financial risk management

Overseas income tax

The Sub-Fund's activities expose it to a variety of market risks (including price risk, interest rate risk and currency risk), liquidity risk and credit risk. The Sub-Fund's overall risk management programme seeks to minimise potential adverse effects on the Sub-Fund's financial performance. The Sub-Fund may use financial derivative instruments, subject to the terms of the Trust Deed to moderate certain risk exposures. Specific guidelines on exposures to individual securities and certain industries are in place for the Sub-Fund at any time as part of the overall financial risk management to reduce the Sub-Fund's risk exposures. The Manager continually monitors the Fund's exposure to risk and appropriate procedures are in place to manage the risks.

# a) Market risks

Market risk is the risk of potential adverse change to the value of financial instruments because of changes in market conditions such as interest rate movements and volatility in securities' prices. The Manager manages the Sub-Fund's exposure to market risk through the use of risk management strategies and various analytical monitoring techniques.

# i. Price risk

Price risk is the risk that the fair values of equities or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk).

The investments of the Sub-Fund are subject to normal market fluctuations and the risks inherent in investing in securities markets and there can be no assurance that appreciation will occur. It is the policy of the Manager to maintain a diversified portfolio of investments so as to minimise the risk. The Manager's preferred strategy is to hold investments for the medium to long term to mitigate the volatility arising from price risk.

A 10% increase in the market prices of investments at the reporting date would increase the fair value of investments by the following amount:

	Global Rising Yield Innovators Fund	
	2024	2023
	S\$	S\$
Portfolio of investments:		
Quoted equities	2,639,284	2,104,003
Quoted money market funds	949,204	733,305
	3,588,488	2,837,308

#### ii. Interest rate risk

Interest rate risk is the risk that the value of a financial instrument will fluctuate due to changes in market interest rates.

The Sub-Fund is not subject to significant risk of fluctuations in market interest rates as the Sub-Fund's financial assets and liabilities are largely non-interest bearing other than the cash and cash equivalents.

# iii. Currency risk

The Sub-Fund is denominated in Singapore Dollars. The Sub-Fund invests in underlying securities which are denominated in foreign currencies where fluctuations in the relevant exchange rates may have an impact on the income and value of the Sub-Fund. The Manager may seek to minimise exposure to foreign currency fluctuation to the extent practicable.

As at 30 June 2024 and 30 June 2023, the concentration of the Sub-Fund's investments is set out in the Statement of Portfolio.

Investments denominated in currencies other than the Sub-Fund's functional currency comprise the following:

	Global Rising Yield Innovators Fund	
	2024	2023
	S\$	S\$
Australian Dollar	_	340,524
Chinese Yuan (offshore)	351,915	_
Danish Krone	855,429	1,138,700
Euro	2,938,823	5,277,472
Japanese Yen	2,357,404	819,098
Mexican Peso	377,810	_
Pound Sterling	_	591,880
South Korean Won	9,169,574	532,345
Swedish Krona	4,019,595	6,569,505
Swiss Franc	1,218,609	1,611,042
Taiwan Dollar	4,431,450	4,159,466
United States Dollar	672,232	

Cash and cash equivalents denominated in currencies other than the Sub-Fund's functional currency comprise the following:

	Global Rising Yield Innovators Fund	
	2024	2023
	S\$	S\$
Chinese Yuan (offshore)	_	679,704
Euro	31	34
Japanese Yen	870	_
Pound Sterling	3	2
South Korean Won	38,974	_
United States Dollar	3,644	772

The Sub-Fund's monetary assets/liabilities are measured for their sensitivity to exchange rate movements based on the balance of the monetary assets/liabilities, forecasted exchange rate movements and the net asset value of the Sub-Fund.

As at 30 June 2024 and 30 June 2023, with respect to the monetary assets and monetary liabilities of the Sub-Fund, had the Singapore Dollar increased/decreased by 10% against foreign currencies, with all other variables remaining constant, the decrease/increase in net assets attributable to unitholders would be as follows:

	Global Rising Yield Innovators Fund	
	2024	2023
	S\$	S\$
Australian Dollar	=	34,052
Chinese Yuan (offshore)	35,192	67,970
Danish Krone	85,543	113,870
Euro	293,885	527,751
Japanese Yen	235,828	81,910
Mexican Peso	37,781	_
Pound Sterling	_	59,188
South Korean Won	920,855	53,235
Swedish Krona	401,960	656,951
Swiss Franc	121,861	161,104
Taiwan Dollar	443,145	415,947
United States Dollar	67,588	77

### b) Liquidity risk

The Sub-Fund is exposed to daily redemption of units in the Sub-Fund. Therefore the majority of its assets are invested in investments that are traded in an active market and can be readily disposed of.

# c) Credit risk

Credit risk is the risk that a counterparty will fail to perform contractual obligations, either in whole or in part, under a contract.

The Sub-Fund is exposed to counterparty credit risk on cash and cash equivalents and receivables.

All transactions in listed securities are settled/paid upon delivery using approved brokers. The risk of default is considered minimal, as delivery of securities is only made once the broker has received payment. Payment is made on a purchase once the securities have been received by the broker. The trade will fail if either party fails to meet its obligation.

The Sub-Fund may also enter into derivative contracts to manage exposures to currency risk and price risk, including foreign exchange forward contracts and options. Hence, the Sub-Fund is also exposed to the risk that amounts held with counterparties for derivative contracts may not be recoverable in the event of any default by the parties concerned.

### d) Fair value estimation

Except for investments which are measured at fair value, at 30 June 2024 and 30 June 2023, the fair values of the other assets and liabilities approximate their carrying values on the Statement of Financial Position due to their short period to maturity.

The fair value of the investments traded in active markets (such as publicly traded securities) are based on quoted market prices at the close of trading on the reporting date. The quoted market price used for investments held by the Sub-fund are the last traded price for equity securities where the last traded price falls within the bid-ask spread.

The Sub-Fund classifies fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (Level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (Level 3).

The following table analyses within the fair value hierarchy the Sub-Fund's financial assets and liabilities (by class) measured at fair value at 30 June 2024 and 30 June 2023:

Global Rising Yield Innovators Fund	Level 1 S\$	Level 2 S\$	Level 3 S\$	Total S\$
2024 Assets Financial assets designated at fair value through profit or				
loss at inception: Quoted equities	26,392,841	_	_	26,392,841

Quoted equities	21,040,032	_	_	21,040,032
Quoted money market funds	7,333,052	_	_	7,333,052

# 9. Related parties

In the normal course of business of the Sub-Fund, management and performance fees and trustee fees have been paid or are payable to the Manager and the Trustee respectively as noted in the Statement of Total Return.

In addition, the bank holding company and related parties of the Trustee have also provided custodian, banking, foreign exchange, fund administration, registrar and brokerage services to the Sub-Fund in the normal course of business at terms agreed between the parties and within the provisions of the Trust Deed.

The Manager may also use the services of related parties to carry out transactions involving the purchase and sale of securities.

The following transactions took place between the Sub-Fund and its related parties during the year:

		Global Rising Yield Innovators Fund	
	Note	2024 S\$	2023 S\$

### 10. Financial ratios

		Global Rising Yield Innovators Fund	
Expense ratio		2024	2023
•			
Class A – SGD			
Total operating expenses	S\$	6,227	6,383
Average daily net asset value	S\$	297,496	323,851
Total expense ratio (annualised) (Note 1)	%	2.09	1.97
Class B – SGD			
Total operating expenses	S\$	623,520	532,944
Average daily net asset value	S\$	33,833,767	31,068,083
Total expense ratio (annualised) (Note 1)	%	1.84	1.72
		Global Rising Yield	
		Innovators Fund	
Turnover ratio		2024	2023
Turnover ratio			
Lower of total value of purchases or sales	S\$	17,001,400	3,894,914
Average daily net asset value	S\$	34,131,263	31,391,934
Turnover ratio (Note 2)	%	49.81	12.41

Note 1: The expense ratio has been computed based on the guidelines laid down by the IMAS.

The calculation of the expense ratio is based on total operating expenses divided by average net asset value for the year.

The total operating expenses do not include (where applicable) brokerage and other transaction costs, performance fee, interest expense, distribution paid out to unitholders, foreign exchange gains/losses, front or back end loads arising from the purchase or sale of other funds and tax deducted at source or arising out of income received. The average net asset value is based on the daily balances.

Note 2: The turnover ratio is calculated in accordance with the formula stated in the Code. The calculation of the turnover ratio is based on the lower of the total value of purchases (or sales) of the underlying investments divided by the weighted average daily net asset value. The total value of purchase (or sales) do not include brokerage and other transaction costs.

#### **Important Information**

Phillip Global Rising Yield Innovators Fund (the "Sub-Fund") is a sub-fund of Phillip International Funds (the "Fund"), an open ended umbrella unit trust authorised under the Securities and Futures Act, Chapter 289, by the Monetary Authority of Singapore

This document is published by Phillip Capital Management (S) Ltd, the manager of the Fund (the "Manager"), for information only and it does not constitute a prospectus nor form part of any offer or invitation to subscribe for or to purchase, or solicitation of any offer to subscribe for or to purchase, any units in the Sub-Fund. All applications for units in the Sub-Fund must be made on the application forms accompanying the latest prospectus of the Fund (the "Prospectus").

The information and opinions contained in this document have been obtained from public sources which the Manager believes to be reliable and accurate. However, no representation or warranty, express or implied, is made as to the fairness, accuracy, completeness or correctness of the information and it should not be relied upon as such. Opinions included herein constitute the judgement of the Manager at the time specified and may be subject to change without notice, they are not to be relied upon as authoritative or taken in substitution for the exercise of judgment by any recipient and are not intended to provide the sole basis of evaluation of any investment. Neither the Manager nor the Fund, nor any of their respective associates, directors, officers or employees, accepts any liability whatsoever for any loss arising directly or indirectly from any use of this document or any information contained herein.

Given the economic and market risks, there can be no assurance that the Sub-Fund will achieve its investment objectives. Investments in the Sub-Fund are not deposits or other obligations of, or guaranteed, or insured by the Manager or the distributors or their affiliates and are subject to investment risks, including the possible loss of the full principal amount invested. Returns may be affected by, among other things, the investment strategies or objectives of the Sub-Fund and material market and economic conditions. The value of the units and the income from them can fall as well as rise. Past performance is not necessarily indicative of the future performance of the Sub-Fund.

This document should not be taken as a recommendation to buy or sell since it does not take into account the specific investment objectives, financial situation and the particular needs of any particular recipient of this document. Investors should seek advice from a financial advisor before purchasing units in the Sub-Fund. In any case, investors should read the Prospectus and consider the risks as well as suitability of the Sub-Fund before deciding whether to subscribe for units in the Sub-Fund. Copies of the Prospectus are available and may be obtained from the Manager.
