IMPORTANT ANNOUNCEMENT – CHANGES TO THE SUB-FUNDS

We, Phillip Capital Management (S) Ltd (the “**Manager**”), as the manager of the Trust, hereby announces and notifies unitholders of the Sub-Funds of certain changes to the Sub-Funds, as outlined below.

Capitalised terms used in this announcement that are not otherwise defined in this announcement shall have the same meaning ascribed to them in the latest version of the prospectus of the Sub-Funds (the “**Prospectus**”).

1. Admission of a new Class of the Phillip SING Income ETF to the Official List of the SGX-ST

An application was made to the Singapore Exchange Securities Trading Limited (the “**SGX-ST**”) by us on 11 February 2025 (the “**Application**”) for the listing and quotation of a new Class of Units of the Phillip SING Income ETF, namely the USD denominated Class USD (“**Class USD**”) Units, on the SGX-ST and the re-designation of the existing Units of the Phillip SING Income ETF as Class SGD Units.

We have, on 28 March 2025, received a letter from the SGX-ST setting out, among others, that the SGX-ST has granted its approval-in-principle for the listing and quotation of the Class USD Units on the SGX-ST and has no objections to the re-designation of the existing Units as Class SGD Units. Admission of the Class USD Units to the Official List of the SGX-ST and the listing and quotation of the Class USD Units on the SGX-ST is not to be taken as an indication of the merits of the Phillip SING Income ETF, its Units or the Manager.

The Class USD Units are expected to be admitted to the Official List of the SGX-ST with effect from 9:00 a.m. (Singapore time) on 11 April 2025.

Investors should note that dual currency trading is not offered in respect of the Phillip SING Income ETF and the existing Units of the Phillip SING Income ETF (re-designated as Class SGD Units as described in point 3 below) and the Class USD Units may only be traded in Singapore dollars and US dollars respectively. There is also no facility for the switching of Units between the Classes. Accordingly, investors of a Class may only redeem or sell Units of the Class in its currency of denomination.

2. Waiver in respect of Class USD of the Phillip SING Income ETF from compliance with Rule 404(2)(a) of the SGX-ST Listing Manual

Pursuant to the Application, the SGX-ST has granted a waiver in respect of the Class USD of the Phillip SING Income ETF from compliance with Rule 404(2)(a) of the listing manual of the SGX-ST (the “**Listing Manual**”) on 28 March 2025. The waiver granted by the SGX-ST and the reason for seeking the waiver are set out below for investors’ information.

Rule 404(2)(a) of the Listing Manual states that an investment fund denominated in a foreign currency must have a minimum asset size of at least US\$20 million (or its equivalent in other currencies).

The amount to be raised by the Class USD would depend on, among others, the issue price of the units, the prevailing market conditions during the initial offer period and the levels of subscription. Under such circumstances, it would not be possible to determine, until the close of the initial offer period, whether the Class USD has a minimum asset size of at least US\$20 million.

In view of the above, the SGX-ST has granted a waiver in respect of the Class USD from compliance with Rule 404(2)(a) of the Listing Manual, subject to the appointment of at least one designated market maker (approved by the Member Supervision function of the SGX-ST) to make a market in the Class USD Units to ensure that there will be a ready market for the trading of the Class USD Units.

3. Re-designation of the existing Units of the Phillip SING Income ETF

As indicated in point 1 above, the existing Units of the Phillip SING Income ETF have been re-designated as Class SGD Units with effect from 28 March 2025. The re-designation is necessary to distinguish the existing Units of the Sub-Fund from the new Class USD Units.

4. Changes to the Trust Deed of the Trust

In connection with the abovementioned re-designation of the existing Units of the Phillip SING Income ETF as Class SGD Units and issuance of the new Class USD Units in respect of the Phillip SING Income ETF, a 3rd Amending and Restating Deed has been entered into on 28 March 2025 between the Manager and HSBC Institutional Trust Services (Singapore) Limited, the trustee of the Trust, to amend the Trust Deed to clarify the application of the provisions of the Trust Deed to separate Classes of Units issued in respect of a Sub-Fund.

Apart from the changes set out above, all other features of the Sub-Funds, including the investment objective, focus and approach of the Sub-Funds, remain unchanged.
