IMPORTANT INFORMATION

This material is provided by Phillip Capital Management (S) Ltd ("PCM") for general information only and does not constitute a recommendation, an offer to sell, or a solicitation of any offer to invest in the exchange-traded fund ("ETF") mentioned herein. It does not have any regard to your specific investment objectives, financial situation and any of your particular needs. You should read the Prospectus and the accompanying Product Highlights Sheet ("PHS") for key features, key risks and other important information of the ETF and obtain advice from a financial adviser ("FA") pursuant to a separate engagement before invest in the ETF. In the event that you choose not to obtain advice from a FA, you should assess whether the ETF are suitable for you before proceeding to invest. A copy of the Prospectus and PHS are available from PCM and any of its Participating Dealers ("PDs").

An ETF is not like a typical unit trust as the units of the ETF (the "Units") are to be listed and traded like any share on the Singapore Exchange Securities Trading Limited ("SGX-ST"). Listing on the SGX-ST does not guarantee a liquid market for the Units which may be traded at prices above or below its NAV or may be suspended or delisted. Investors may buy or sell the Units on SGX-ST when it is listed. Investors cannot create or redeem Units directly with PCM and have no rights to request PCM to redeem or purchase their Units. Creation and redemption of Units are through PDs if investors are clients of the PDs, who have no obligation to agree to create or redeem Units on behalf of any investor and may impose terms and conditions in connection with such creation or redemption orders. Please refer to the Prospectus of the ETF for more details.

Investments are subject to investment risks including the possible loss of the principal amount invested. The purchase of a unit in a fund is not the same as placing your money on deposit with a bank or deposit-taking company. There is no guarantee as to the amount of capital invested or return received. The value of the units and the income accruing to the units may fall or rise. Past performance is not necessarily indicative of the future or likely performance of the ETF. There can be no assurance that investment objectives will be achieved.

Where applicable, the ETF may invest in financial derivatives and/or participate in securities lending and repurchase transactions for the purpose of hedging and/or efficient portfolio management, subject to the relevant regulatory requirements. PCM reserves the discretion to determine if currency exposure should be hedged actively, passively or not at all, in the best interest of the ETF.

The information provided herein may be obtained or compiled from public and/or third party sources that PCM has no reason to believe are unreliable. Any opinion or view herein is an expression of belief of the individual author or the indicated source (as applicable) only. PCM makes no representation or warranty that such information is accurate, complete, verified or should be relied upon as such. The information does not constitute, and should not be used as a substitute for tax, legal or investment advice.

The information herein is not for any person in any jurisdiction or country where such distribution or availability for use would contravene any applicable law or regulation or would subject PCM to any registration or licensing requirement in such jurisdiction or country. The ETF is not offered to U.S. Persons. PhillipCapital Group of Companies, including PCM, their affiliates and/or their officers, directors and/or employees may own or have positions in the ETF. Any member of the PhillipCapital Group of Companies may have acted upon or used the information, analyses and opinions herein before they have been published.
